

**AUG22-SEP2**  
**PORT HUENEME, CA**  
**2022**

**Rapidly fielding  
technology...**

The Self Defense  
Test Ship (SDTS)

**...to create  
sustainment capabilities  
in new places with new faces**

- Assemble, demonstrate and evaluate available solutions in an operational environment**
- Enhance battle damage assessment and repair capabilities**
- Empower a “practice” culture to reduce development and delivery cycles of technologies**
- Field equipment designed to address specific fleet needs**
